***Okay, I've taken the webinar. How do I get my LEU certificate of completion?**
 Some of these providers may provide a certificate of completion but most will not, especially if you view one of the archived webinars. It is acceptable for someone in an administrative or HR capacity to oversee staff participation in the webinar and create and award certificates in-house. Certificates generated in-house can be formatted any way you like so long as they contain the following elements: Event/Workshop name, date and length; Event/Workshop provider's name; Participant's name; Proctor/Supervisor's signature. Please see more LEU policy information here: <http://continuinged.isl.in.gov/certification/policies-on-leus/>
