Library continues, expands virtual services during 'stay-at-home' order

Mar 25, 2020

Eckhart Public Library marketing specialist Kaylee Kellogg makes a recording as programming specialist Zach Heimach and public service assistant manager Emma Richey create a virtual program about the science behind rainbows.

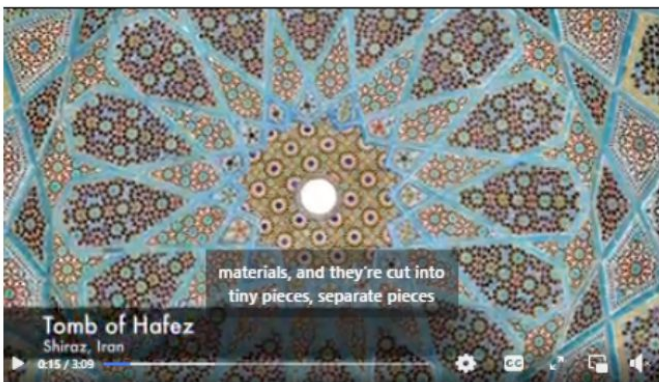

Contributed/

Eckhart Public Library posted a video to playlist Learning STEAM. March 27, 2020

In lieu of our LEGO Club or Learning STEAM through LEGO's programs, Miss Emma will be talking about projects we can do to learn more about science, technology, engineering, art, and mathematics right from home, using whatever you have available! In today's episode, Emma and Zach take some time to discuss mosaics and make some of their own!

If you create a mosaic, we'd love to see what you created! Feel free to reach out in the comments or messages to show us!

Boost this post to reach up to 808 more people if you spend \$14.

Here's Miles' mosaic creation! We used clear contact paper and tissue paper squares. Thanks Miss Emma and Zach!

That mosaic looks awesome, Miles! Great job!

**YES! WE'RE
OPEN**

We tried our best...even if we
later found out it wasn't all
scientifically sound.

We were blinded by library science?
...anyone?

So...What did we learn?

 Eckhart Public Library posted a video to playlist **Staff Suggestions**.
March 27, 2020 · 🌐

For this evening's staff suggestion, Programming Specialist Zach is tells us about the film "Ex Machina", which explores artificial intelligence, what it means to be self-aware, and where the line can be blurred. Zach might have also questioned too much...don't worry, we made sure he was okay!

"Ex Machina" can be streamed right now on Kanopy with your library card!

We are sorry to announce that The Main Library will be closed indefinitely due to a fire that took place on the 1996 expansion side of the building. The historical fountain is not damaged, but it is not currently running due to the need to shut off the water and the electricity to the building. We are incredibly grateful for the outpouring of support and concern from the community. We will post more updates as we are able to do so.
